

Advertise your Brand and the Retailers who sell your products.

We would like to introduce our new retail venue, www.shophereshopthere.com. This online mall promotes your wholesale brand and products. We allow buyers to find online stores that market your brand. We can also link to your website maps showing all retail locations where buyers can find your products. Buyers are directly linked to the online retailers' websites that you provide us, when they show an interest in your products. No actual orders are placed on our website, as we drive them to your affiliated online sellers' websites to order.

We do all the work needed to have you listed, as well as associated links with retailers who sell your products. With your approval we will build a full advertising page within our platform that is unique to your business. We will work with images and information you send, or we can grab that information from your current website.

Your page will have a full representation of your brand. Here is a link to one vendor page so you can view what we have built.

<https://www.shophereshopthere.com/brand/a-cheerful-giver-candles>

- Sliding banners.
- About us.
- Lifestyle or product images.
- 4 to 6 featured categories or specials with direct links to your website.
- Business information including website address, phone number, address, etc.
- Map of your store location.
- Testimonies about your business and or products that you provide us.
- Social Media links that you want profiled such as Facebook, Pinterest and so on.
- Logo.
- Coupon or promotional option if you provide this to us.

Some wholesalers do have their own retail websites and if you have one then of course that would be built into your page for links. If you only sell wholesale, as outlined above, we will link to stores that do sell your products. We do all the work to add and market your website. The pricing is \$45/month for our retail platform, with a satisfaction guarantee.

We also have 2 wholesale advertising options. We can place you on both of our wholesale platforms to drive new retail store buyers to your website and products. These websites are only open to the wholesale trade, with access only after registration. Pricing for wholesale only is \$65/month.

<https://www.buyherebuythere.com/>

<https://www.waresitat.com/>

If you are interested in a trial 6-month package, we will list you on both our wholesale sites and our new retail site for \$65/ month combined. We want you to see how well it will do for you.

You can cancel at any time and there is no contract as the service is month to month based on your satisfaction. We guarantee your satisfaction. If you decide not to continue, we will refund your last monthly fee payment.
